HOW

does WrapAround work

- Referrals can be made by families individuals or a community member to the WrapAround Community Team
- A Facilitator is carefully chosen to help the Family / Individual with the WrapAround process
- The Facilitator works closely with the Family / Individual to:
 - a) identify their unique strengths and needs
 - b) create a Family Team made up of people who know the family best
 - c) develop a personal plan to meet the family's needs
 - d) review the plans and results regularly
 - e) develop a personal crisis / safety plan if needed

HOW

is this different

- The family directs the plan
- The plans are developed to be flexible and unique to each family
